### Grandma Smith's House Burns Down

The "Fire Laddies" were awakened from their slumbers yesterday morning about 6:00 o'clock, when the fire bell tolled an alarm that brought them out of the arms of "Morpheus" and into their clothes for a speedy run to the fire house.

In a few minutes the fire truck was on its way to the fire, which happened to be the home of Grandma Smith, three miles southeast of town. By the time the firemen reached the place there was very little left to work on, the flames having burned the house to the ground.

The fire was caused by sparks from the chimney which set fire to the roof of the house, which was built of lumber and contained eight rooms.

At the time the fire occurred, about 5:00 a. m., Grandma Smith's son, William, and his family, were up and preparing breakfast. The flames spread so rapidly that they were unable to save clothing or household furniture, all of which was consumed by the flames.

Insure your house and furniture with the W. E. Platt Insurance Agency, Safford.

### Feel Worse After Vacation

The change from outdoor activity of vacation time to the quiet of regular employment sometimes makes one feel heavy and "stuffed up," uncomfortable and bilious, with a mean headache, a nervous unrest and thickly coated tongue. Instead of complaining that "a vacation does no good," it is better to remove the trouble, which usually is the result of indigestion. Foley Cathartic Tablets give quick relief with no unpleasantness or constive after effects. Safford Drug Co. adv-25-5t

Most sickness is traced to carelessness or neglect, but unfortunately who suffer from hay fever or asthma can attribute their ailments to bad luck. In August the air is full of pollen and dust that cause trouble for some, yet others are never bothered.
